

**Campus is the Best!**

Campus Surgery Center did it for a second year in a row! Our state-of-the-art ambulatory surgery center in Daly City was ranked No. 10 in the Top 100 Best Places to Work in the Greater Bay Area; 25 to 50 employees division, in an annual 2008 ranking produced by the San Francisco Business Times, Silicon Valley/San Jose Business Journal and East Bay Business Times. The results are focused on best practices, work environments and employee benefits.

"Campus is honored to be recognized as one of the best places to work in the Bay Area," said Carole Wilson, CEO. "We strive to build an environment where people's ideas are encouraged, passion for health care delivery is ignited and that everything we do improves the community we serve".

When asked "what two or three things does your employer currently do well that helps create a productive work place"?

Comments made by the Campus staff:

- "They have equal treatment to every employee."
- "They have realistic goals and visions that every employee can reach and be proud of."
- "They have an everyday aura in a work scenario; that you don't work as an employee but as a family member."
- "Open communication and willingness to listen to our suggestions and view issues from our perspective."

Campus Surgery Center was acquired by E3 Healthcare Management LLC in October 2006. The employee opinion survey ranked highest in the categories of Trust in Senior Leaders and Individual Contribution. We are very proud to be chosen as a great place to work because satisfied employees translates to exceptional patient care...and that's what we are all about.

Congratulations Campus!
